LABOR CHAMPION OF THE GOLDEN WEST.

Is an Independent Reform newspaper, favoring the unlimited free coinage of silver.

The increase in the volume of our circulating medium by the issuance of National Currency in an amount equal to fifty dollars per capita.

Favoring the Government loaning money to states, counties and irrigation districts on their bonds, and to the people on their farms and cottages at one per cent per annum, being the same interest now charged to National Banks

Advocating Government ownership of all railroads.

Demanding government ownership and absolute control of all telegraph wires as a legitimate part of the postal system.

Urging the immediate establishment of Postal Savings Banks.

The abolishment of all National Banks, and in lieu thereof one National Bank under the direct control of the Government, and the management of the Secretary of the Treasury.

Insisting upon the immediate construction of the Nicaragua Canal by the Government of the United States, and its perpetual ownership and control.

Demanding a National Usury law, and fixing the legal rate of interest at three per cent per annum

Uniform civil and criminal laws throughout the United States

Conspicuous for its ability and brilliancy, and unfaltering resolution and determination; advancing boldly in the vanguard of public opinion "unawed by influence and unbribed by gain," turning neither to the right nor to the left, but keeping straight on in defense of the industrial classes and loyal hearted labor.

WHY IT PAYS TO ADVERTISE IN THE SAN DIEGO UNION AND DAILY BEE.

BECAUSE it leads in Circulation, Enterprise, and Telegraphic and Local News.

BECAUSE it is the only morning daily published in a region larger than the combined states of Massachusetts, Connecticut, New Jersey, Delaware and Rhode Island.

BECAUSE its telegraphic service is conceded to be the best of any daily in the state outside of San Francisco, its EXCLUSIVE FRANCHISES including those of the Western Associated Press, the New York Associated Press and the United Press, the greatest newsgathering organizations in existence.

BECAUSE no other city and county in California are so thoroughly covered by the circulation of one newspaper as the city and county of San Diego are by the UNION.

BECAUSE by virtue of its long established business (one of the oldest on the Coast), and its judicious policy, it circulates among a class of readers whose patronage is especially desirable.

LABOR CHAMPION OF THE GOLDEN WEST.

Is an Independent Reform newspaper favoring the unlimited free coinage of silver.

The increase in the volume of our circulating medium by the issuance of National Currency in an amount equal to fifty dollars per capita.

Favoring the Government loaning money to states, counties and irrigation districts on their bonds, and to the people on their farms and cottages at one per cent per annum, being the same interest now charged to National Banks.

Advocating Government ownership of all railroads.

Demanding government ownership and absolute control of all telegraph wires as a legitimate part of the postal system.

Urging the immediate establishment of Postal Savings Banks.

The abolishment of all National Banks, and in lieu thereof one National Bank under the direct control of the Government, and the management of the Secretary of the Treasury.

Insisting upon the immediate construction of the Nicaragua Canal by the Government of the United States, and its perpetual ownership and control

Demanding a National Usury law, and fixing the legal rate of interest at three per cent per annum.

Uniform civil and criminal laws throughout the United States.

Conspicuous for its ability and brilliancy, and unfaltering resolution and determination; advancing boldly in the vanguard of public opinion "unawed by influence and unbribed by gain," turning neither to the right nor to the left, but keeping straight on in defense of the industrial classes and loyal hearted labor.

Terms are within the reach of all—only **One Dollar per Annum.**

WHY IT PAYS TO ADVERTISE IN THE SAN DIEGO UNION AND DAILY BEE.

BECAUSE it leads in Circulation, Enterprise, and Telegraphic and Local News.

BECAUSE it is the only morning daily published in a region larger than the combined states of Massachusetts, Connecticut, New Jersey, Delaware and Rhode Island.

BECAUSE its telegraphic service is conceded to be the best of any daily in the state outside of San Francisco, its EXCLUSIVE FRANCHISES including those of the Western Associated Press, the New York Associated Press and the United Press, the greatest newsgathering organizations in existence.

BECAUSE no other city and county in California are so thoroughly covered by the circulation of one newspaper as the city and county of San Diego are by the UNION.

BECAUSE by virtue of its long established business (one of the oldest on the Coast), and its judicious policy, it circulates among a class of readers whose patronage is especially desirable.
